

A partner to your optimal health

A man and a woman are sitting in comfortable beige armchairs, smiling and looking at each other. They are both covered with light blue blankets. A small white table between them holds a vase of yellow flowers. In the background, there are IV stands with blue bags hanging from them. The room has a modern, clean aesthetic with wood paneling and a patterned wall.

Vitamin IV Therapy

Multivitamin – 60 min.

THB 1,800

Premium Liver Detox – 150 min.

THB 6,500

A vital formula to remove toxins, allowing for stress reduction and well-being improvements

The main function of your liver is to filter the blood and place it through a process of detoxification to enhance your body's performance. A compromised liver can create a build-up of toxins, weakening the body. This is where the Lyfe Medical Wellness Premium Liver Detoxification comes in. With two-step targeted formula, it works to remove toxins from the body's storage (phase 1), before stimulating the metabolism and removal of them (phase 2).

Heavy Metal Detox – up to 180 min.

THB 4,500

Heavy metals cause a number of health issues, this formula removes heavy metal traces from your body.

Heavy metals can wreak havoc on your body, creating imbalances that can lead to chronic disease. Symptoms of heavy metal toxicity include brain fog, autoimmune diseases, joint and muscle pain, mood swings and depression, as well as chronic fatigue syndrome. This important detoxification formula will remove these toxins, allowing for improvements in your cognition, heart health, as well as lowering the risk of cancer.

Blood Ozone – 90 min.

THB 3,500

An optimal immune system booster that detoxifies the body and works in conjunction with the IV formulas listed here.

For a powerful healing treatment, consider ozone therapy. Effective in strengthening the immune system, killing bacteria and viruses on contact, and reducing inflammation and acidity in the body, it's grown in popularity as a supportive therapy against a range of diseases, including cancer.

Hangover – 60 min.

THB 3,300

Our hangover formula has been designed to rehydrate and provide a vitamin boost to assist in a quick recovery.

A little too much indulgence on a night out drinking can cause dehydration, mineral and vitamin losses, as well as liver inflammation, leaving you feeling miserable. Our hangover formula has been designed to rehydrate and provide a vitamin boost to assist in a quick recovery. Combining a nutrient formula and antioxidants for alcohol detoxification, this is the quickest method to return energy and vitality across your body, allowing you to continue on with your day.
